Pursuant to Applicant's duty of disclosure under 37 C.F.R. §1.56, Applicant is not aware of any specific prior art which teach a method and kit for decorating surfaces as disclosed and claimed in the above-identified application. Applicant is only aware of generally known methods of decorating surfaces, such as iron-on transfers, press-type transfers, stencils and tatoos. The Examiner's attention, however, is directed to the background discussion in the application as it relates to a child-safe method for transferring patterns onto the surfaces of large vegetables. Accordingly, Applicant believes that her application presents new, useful and non-obvious technology and that the claims presented with this application are allowable. The Examiner is courteously solicited to enter an expeditious allowance of this application.
